Integrated Annual Corporate Governance Report

The Integrated Annual Corporate Governance Report (I-ACGR) is a tool to facilitate the disclosures of the Publicly Listed Company's (PLC) compliance/non-compliance with the Securities and Exchange Commission (SEC) recommendations under the SEC Corporate Governance Code. The I-ACGR harmonizes the corporate governance reportorial requirements of the SEC and the Philippine Stock Exchange. In addition, the ASEAN Corporate Governance Scorecard is also incorporated in the I-ACGR. The Company adopted the "comply or explain" approach in compliance with the SEC Memorandum Circular No. 15 Series of 2017.
